

Amaron solar battery

Why should you choose Amaron solar batteries for solar application?

Presenting Amaron Solar batteries for solar application is built to perform and fail-safe, fool-proof battery technology produced & tested in our premier manufacturing facility. Built to the highest technical competence in its class and Amara Raja's commitment to bring the best of technology.

What is Amaron solar?

Amaron Solar is a product of reliability with fool-proof battery technology, produced and tested in our state-of-art manufacturing facility. Built to the highest technical competence in its class, the Amaron Solar is an example of Amara Raja's commitment in bringing the best of technology to your table.

Are Amaron Inverter Batteries A good choice?

Amaron inverter batteries are compatible with any brand of inverters available in the market, so you are never at a loss for power. When you buy an Amaron inverter battery, you enjoy a completely hassle-free experience as the battery uses a high heat resistant calcium/ultra modified hybrid alloy for its grids which makes it zero-maintenance.

Does Amaron solar battery provide a 5 year warranty?

Amaron Solar battery provides 5 year warranty. Amara Raja, now brought to you ultra low maintenance free tubular batteries with best in class design with advance manufacturing technology. With decades of experience we gain in battery technology, coupled with continuous research has helped us to bring this highest quality product.

Why should you choose Amara Raja solar batteries?

Sensing the need of this enduring and reliable source of power, Amara Raja not only offers the complete range of solar batteries available in the market but also provides expert advice on the choice of battery to suit your particular application.

Who makes Amaron car batteries?

Amaron car batteries are made with leading technology from US-based Johnson Controls (Amaron's co-owner) with its additional silver component makes it last and last. We also supply GLOBATT AND HOPPECKE EFB car batteries. These batteries are designed especially for vehicles equipped with START-STOP engines.

attery life. Sensing the need of this enduring and reliable source of power, Amara Raja not only offers the complete range of solar batteries available in the market but also provides expert ...
