

Amsterdam conference on energy storage batteries

Why should you attend the Energy Storage Summit?

With 94% of attendees making key connections, this summit is a must for gaining valuable energy storage insights. Expect to leave with actionable strategies and a deeper understanding of where the energy storage market is headed. Don't miss the chance to be part of shaping the future of energy in the Netherlands.

When is Pb2025 coming to Amsterdam?

Mark your calendar: Pb2025 is coming to Amsterdam! Pb2025 - the International Lead Conference - will take place in Amsterdam, the Netherlands June 25 - 27. The programme this year includes 4 days of lead and lead battery-related workshops and events including the conference itself, which is ILA's major global lead event of the year.

Why is battery storage a key enabler of the energy transition?

"Battery storage is a crucial enabler of the energy transition, offering solutions to grid congestion and ensuring the reliability of renewable energy supply," says Philip Gladek, CEO. "By sharing our experiences at the SolarPlaza Summit, we hope to inspire others in the industry to unlock the full potential of energy storage."
