

Arizer solo 3 battery replacement

Can I replace my arizer solo battery?

The Solo Battery is covered under a limited 1-Year warranty and is also available for purchase upon request. To inquire about replacing your Solo Battery send us an email to: service@arizer.com. Arizer Batteries should not be substituted for third-party batteries -- Only use official Solo Batteries with your Arizer Solo.

How do I store my arizer solo III v2.0?

Arizer Solo III v2.0 should be stored in a safe, temperature controlled, cool, dry place. Do not store in extreme temperature environments. Extreme heat or cold can damage the device and/or battery. Do not store your Solo III v2.0 with a fully charged or fully drained battery for extended periods of time (one month or longer).

Should I fully charge my arizer solo III v2.0?

Fully charge your Arizer Solo III v2.0 before first use. Arizer Solo III v2.0 Batteries and Chargers are manufactured to strict quality standards, specifically for use with the Solo III v2.0. Only use official Solo III v2.0 Batteries & Chargers. Do not use any third-party, counterfeit, or unknown brand batteries or chargers.

Does arizer solo have a warranty?

Equipped for worldwide use with an input capacity of 110-240V with international safety certifications. The Arizer Solo carries a lifetime warranty on the heating element, a limited 2-Year warranty covering defects in materials or workmanship, and a limited 1-Year warranty covering the battery. Glass is not covered under warranty.

Can arizer batteries be substituted for third-party batteries?

Arizer Batteries should not be substituted for third-party batteries-- Only use official Solo Batteries with your Arizer Solo. We cannot verify the quality or safety of other batteries, and using third-party batteries can result in personal injury, electric shock, and damage to the device which is not covered under warranty.

How long does the arizer solo battery take to charge?

The battery will take 3-4 hours to fully charge, or longer if you use it while charging. If your battery is running low, with the Arizer Solo you don't have to wait for the battery to charge before you can use it. Just plug it in, set the temperature, and use the Solo while the battery continues charging.
