

Arizer solo battery replacement tutorial

Can I replace my arizer solo battery?

The Solo Battery is covered under a limited 1-Year warranty and is also available for purchase upon request. To inquire about replacing your Solo Battery send us an email to: service@arizer.com. Arizer Batteries should not be substituted for third-party batteries -- Only use official Solo Batteries with your Arizer Solo.

How do I store my arizer solo III v2.0?

Arizer Solo III v2.0 should be stored in a safe, temperature controlled, cool, dry place. Do not store in extreme temperature environments. Extreme heat or cold can damage the device and/or battery. Do not store your Solo III v2.0 with a fully charged or fully drained battery for extended periods of time (one month or longer).

How long does the arizer solo battery take to charge?

The battery will take 3-4 hours to fully charge, or longer if you use it while charging. If your battery is running low, with the Arizer Solo you don't have to wait for the battery to charge before you can use it. Just plug it in, set the temperature, and use the Solo while the battery continues charging.

How do I conserve the battery life of the arizer solo?

To conserve battery life, use the Arizer Solo in a temperature controlled environment and use the lower temperature settings. When outdoors, stay sheltered from the elements and avoid using in extremely cold temperatures. Charge the battery as necessary.

What battery does arizer solo vaporizer use?

Arizer Solo Vaporizer is powered by a 2S 7.4V Lithium Ion battery pack. The original capacity is 2200 mAh. In this tutorial, I'm using my favorite Panasonic NCR18650B 3400 mAh cells to upgrade the pack with some extra boost. 22AWG or 20AWG stranded wire, red, black and white (or any other color to separate from red or black)

Should I fully charge my arizer solo III v2.0?

Fully charge your Arizer Solo III v2.0 before first use. Arizer Solo III v2.0 Batteries and Chargers are manufactured to strict quality standards, specifically for use with the Solo III v2.0. Only use official Solo III v2.0 Batteries & Chargers. Do not use any third-party, counterfeit, or unknown brand batteries or chargers.
