

Arizer solo battery reset

How long does the arizer solo battery take to charge?

The battery will take 3-4 hours to fully charge, or longer if you use it while charging. If your battery is running low, with the Arizer Solo you don't have to wait for the battery to charge before you can use it. Just plug it in, set the temperature, and use the Solo while the battery continues charging.

How do I conserve the battery life of the arizer solo?

To conserve battery life, use the Arizer Solo in a temperature controlled environment and use the lower temperature settings. When outdoors, stay sheltered from the elements and avoid using in extremely cold temperatures. Charge the battery as necessary.

How should arizer Solo II be stored?

Arizer Solo II should be stored in a safe, temperature controlled, cool, dry place. Do not store in extreme temperature environments. Extreme heat or cold can damage the device and/or battery. Do not store your Solo II with a fully charged or fully drained battery for extended periods of time (one month or longer).

Can I tamper with the arizer Solo II battery?

Do not tamper with or misuse the Arizer Solo II Battery, and do not use damaged/defective batteries or Solo II devices. Arizer Solo II should be stored in a safe, temperature controlled, cool, dry place. Do not store in extreme temperature environments. Extreme heat or cold can damage the device and/or battery.

Can I replace my arizer solo battery?

The Solo Battery is covered under a limited 1-Year warranty and is also available for purchase upon request. To inquire about replacing your Solo Battery send us an email to: service@arizer.com. Arizer Batteries should not be substituted for third-party batteries -- Only use official Solo Batteries with your Arizer Solo.

Can I use the arizer air if my battery is running low?

If your battery is running low, with the Arizer Air you don't have to wait for the battery to fully charge before you can use it. Just partially charge the battery (15-20 minutes) and then you can set the temperature and use the Air while the battery continues charging. Note: The Arizer Air will not operate if the battery is completely drained.
