

Arlo solar battery charger

What is Arlo essential solar panel Charger?

Maximum Power. Zero Electricity. The Arlo Essential Solar Panel Charger keeps your battery charged with direct sunlight. Its weather resistant design, 8-foot power cable, and adjustable mount makes installation easy anywhere. Compatible with Arlo Essential, Essential Spotlight and Essential XL Cameras only.

How do I charge my Arlo solar panel?

Depending on the Arlo solar panel that supports your IP camera, you may have a charging cable up to 8 feet or 6 feet. You may also be using a magnetic charging connector or a USB connector. If the Arlo solar panel is producing any power, you should see the status LED on your camera blink.

Can Arlo solar panels keep my camera charged?

The Arlo Solar Panel might be unable to keep your camera charged during periods of heavy use. The total energy that an Arlo Solar Panel can produce depends on external factors such as temperature, shade, weather, and the amount of dust or debris on its surface.

How does a solar panel work on a Arlo essential camera?

This solar panel powers your Arlo Essential Camera in a green way. It keeps your camera charged with direct sunlight, consuming zero electricity. The combination of weather resistant design, 8-foot power cable and adjustable mount allows you to install the solar panel anywhere you see fit.

Which Arlo cameras are compatible with a solar panel?

Compatible with Arlo Essential, Essential Spotlight and Essential XL Camera only. For Arlo Pro 5S 2K, Pro 4, Pro 3, Floodlight, Ultra 2, and Ultra Solar Panel, please see model number VMA5600-20000S. This solar panel powers your Arlo Essential Camera in a green way. It keeps your camera charged with direct sunlight, consuming zero electricity.

How do I know if my Arlo solar panel is charging?

You may also be using a magnetic charging connector or a USB connector. If the Arlo solar panel is producing any power, you should see the status LED on your camera blink. As mentioned earlier, the Arlo Solar Panel Charger comes in different models that support different Arlo cameras.
