

# Battery operated solar christmas candles

What is a battery-operated window candle?

The battery-operated traditional window candle features an outward-facing LED bulb for a brighter shine outside and a more subtle display indoors. This classic window candle features a realistic taper and a traditionally-styled base for timeless style. The battery-operated window candle suit any space or window frame.

Are battery-powered candles a good option?

Battery-powered candles are always a great choice for creating a stunning centerpiece or adding mood lighting to your space. They feature a realistic flickering flame and wax body for an authentic appearance.

How long does a battery operated window candle last?

The battery-operated window candle suit any space or window frame. Convenient auto-timer turns on the candle for 8 hours and turns it off for 16. Place one of these high-quality candles in every window to give your home a warm and welcoming look!

Are battery-operated candles better than flameless candles?

Battery-operated electric candles are an increasingly popular solution for several reasons. LED lights flicker and glow like real flames, eliminating the fire hazard. Additionally, they don't require cleaning up melted wax.

What is the benefit of a battery-operated candle?

Get the look of a real wick without the risk of an open flame by choosing a battery-operated candle from Christmas Tree Hill. Whether you want to create a stunning centerpiece during the holiday season or add a little mood lighting to your space, battery-powered candles are always a great choice.

Where can I buy a solar flameless candle?
