

# Battery operated solar window candles

Where can I buy a solar powered window candle?

You can buy a solar powered window candle at Target. Choose from Same Day Delivery, Drive Up or Order Pickup, and enjoy free shipping on orders \$35 and above.

What is a battery-operated window candle?

The battery-operated traditional window candle features an outward-facing LED bulb for a brighter shine outside and a more subtle display indoors. This classic window candle features a realistic taper and a traditionally-styled base for timeless style. The battery-operated window candle suits any space or window frame.

How do solar-powered LED flame window candles work?

Enjoy the classic ambiance of the solar-powered LED flame window candles. These flameless candles can be mounted to any window or stand on their own. The solar panel charges during the day and at night the LED candle tip automatically illuminates and flickers like a real flame. Overall Product Weight: 1lb. So easy, so beautiful!

How long does a battery operated window candle last?

The battery-operated window candle suits any space or window frame. Convenient auto-timer turns on the candle for 8 hours and turns it off for 16. Place one of these high-quality candles in every window to give your home a warm and welcoming look!

How do incandescent window candles work?

Equipped with both a photosensor and 3 timer functions, these plug-in incandescent window candles offer multiple effortless ways to time their bright, inviting illumination. To light up your home from dusk to dawn every day, use the photosensor setting. It automatically senses ambient light conditions and turns your candles on or off accordingly.

Do incandescent window candles have a timer?

Equipped with both a photosensor and 3 timer functions, these plug-in incandescent window candles offer multiple effortless ways to time their bright, inviting illumination. To light up your home from dusk to dawn every day, use the photosensor setting.
