What are Battle born batteries?

**BATTLE BORN.** At Battle Born Batteries, we bring revolutionary, reliable green energy to the masses with our next-generation lithium-ion batteries. Our industry-leading lithium iron phosphate (LiFePO<sub>4</sub>) batteries are recognized for their reliability, chemical stability, and advanced technology.

What is a solar battery?

For those who aren't yet in the loop, a solar battery is essentially just that - a battery that stores power generated by your solar panels. In the past, solar energy that was not immediately used by your household would be exported to the grid in exchange for a solar feed-in tariff.

Why should you choose Battle born batteries?

By consistently providing you with an extraordinary experience, lifetime technical and customer support, and valuable resources and information to make your new system work exactly the way you envision. **SHOW US THE POWER!** Battle Born Batteries have attracted people and adventures from all walks of life. Here's what they power.

Are Battle born LiFePO<sub>4</sub> batteries reliable?

Our industry-leading lithium iron phosphate (LiFePO<sub>4</sub>) batteries are recognized for their reliability, chemical stability, and advanced technology. Make the switch to Battle Born LiFePO<sub>4</sub> Batteries today and get the power you need to get out there and stay out there! **RELIABLE. TRUSTED. POWERFUL.** \*In Contiguous U.S. on Batteries & Select Components.

Are Battle born batteries a game changer?

Battle Born Batteries have definitely been a game changer for us. The Konica Minolta Business Center ran off the grid for 36 straight hours during the Rolex 24 weekend, and utilized two plug-in charging stations for electric vehicles.
