The Solar Panel is equipped with a 15 foot long Solar Power Cable, so the Lamp and Solar Panel can be installed up to 15 feet apart. The Solar Panel must be set in a location that receives full, direct sunlight, a minimum of 8 hours a day.

The BUNKER HILL SECURITY(TM) 115 Wall Mount Solar Security Light mounts easily and is powered by the sun, with no need to plug in or change any batteries. The motion-activated ...

The included solar panel will charge its 6V, 900mAh NiCd battery pack to power the light and it is recommended to place the solar panel where it can receive sunlight for at least 8 hours a day.

The bright 60 LED lamp can be adjusted to stay on from between 5 seconds to 2 minutes after last motion was detected. This solar powered security light is perfect for areas without an outlet ...

Its 60 SMD LED lamp produces bright light, while its adjustable motion detection range of up to 50 feet and 180 degrees ensures efficient coverage. Additionally, the adjustable LUX (light level) ...

The heart of this solar warrior? Its battery. But before you panic and consider buying a whole new system (which would make Jeff Bezos richer but leave you poorer), let's explore the smart fix: ...

This Bunker Hill solar remote LED light's NC rechargeable battery pack didn't last too long. Since the light is still operable, replacing the 6 Volt Nickel Cadmium battery would be an...
