Attach the positive locking cables and you're done!- Fall Sale 2025 Trail Camera Solar Panels (119986C) are Only \$99.99each when you purchase 2 or more. Discounts Applied in Cart.

Which battery should I use for my Bushnell camera?

For optimal performance,Bushnell recommends using Energizer Ultimate Lithium AA batteries. These batteries provide maximum battery life. While alkaline batteries can be used,they may affect camera performance. Rechargeable batteries are not recommended as they have a lower operating voltage and can render the camera inoperable.

What type of batteries does Bushnell recommend?

Bushnell recommends using eight new lithium AA (Energizer® brand) or alkaline AA batteries. A full set of eight batteries must be installed for the camera to operate.

Does battery Mart offer replacement batteries for Bushnell GPS devices?

Battery Mart offers replacement batteries for many Bushnell GPS devices. Our replacement batteries are meticulously cross-referenced for fitment and compatibility,and all come with our standard 60 day guarantee.

Can Bushnell end sale early?

Bushnell reserves the right to end sale early for any reason. Check out with Sezzle and split your entire order into 4 interest-free payments over 6 weeks. No Interest if paid in full in 6 months on purchases of \$99+. Subject to credit approval.
