What is the replacement battery for Casio watches?

Panasonic CTL1616 /CTL1616F Battery is the original replacement battery for Casio watches. It is a rechargeable battery that fits many Casio models such as G-Shock, Edifice, Lineage, Pathfinder, Pro Trek, Tough Solar, Wave Ceptor. This battery works for the following Casio models:

Are Casio WaveCeptor watches rechargeable?

Casio Waveceptor watches are self-setting, radio-controlled timepieces that use a small solar panel and rechargeable battery to make frequent battery changes a thing of the past. Though rechargeable batteries last much longer than traditional watch batteries, rechargeables can sometimes lose their ability to hold a charge over time.

What type of battery does a Casio use?

Also we collected battery types for almost all series of flagman Casio lines. What kind of battery does a CASIO use? Any CASIO watch uses a coin battery, but it is not the same for all watches. We composed a table that will help you to choose the battery you need.

Does Casio use a coin battery?

Any CASIO watch uses a coin battery, but it is not the same for all watches. We composed a table that will help you to choose the battery you need. You should only examine the rear cover of the case to know the module number or the watch's name. What is the CASIO battery size? All CASIO batteries are different, depending on the watch series.

Can a Casio WaveCeptor battery be replaced at home?

Casio recommends that wearers send watches with battery problems to authorized service centers, but daring do-it-yourselfers can change the battery in their Waveceptor at home in just minutes. Home repairs, however, may void the warranty. Choose and prepare a workspace before beginning the battery-replacement process.

Are Casio watches solar powered?

Several of the CASIO radio-controlled watches offer combined solar/battery operation. Others even exclusively feature "Tough Solar" technology, with solar panels unobtrusively embedded in the dial for environmentally friendly long-term operation.

This lithium battery is rechargeable with solar power and it is a high quality replacement battery with a very long life. Some popular Casio's models that use the CTL1616 are the Pathfinder, Waveceptor, Atomic and of course the widely ...
