

Check battery on beats solo 3

How do I know if my beats solo3 is charging?

As a tip, always keep an eye on the right earcup when you're charging the device. Specifically, check out the Fuel Gauge indicator, which shows the battery status of your Beats Solo3. If all five lights are lit, it's time to unplug the headset and enjoy another 40 minutes of streaming time. [What Charger Do Beats Solo3 Use?](#)

How to check battery level on Beats solo3?

You'll find the battery level on the device screen, right under the name of your Beats model. You could also choose to turn on Battery Level Notification on your Android tech. Go to the Settings page and tap Apps, then Beats. Select the Notification category and activate the notification display of your Beats Solo3.

How do I know if my beats solo3 Wireless is full?

On the right earcup of your Beats Solo3 Wireless is a discrete Fuel Gauge indicator that shows the battery status. Check for the five white lights on the indicator, which signals that the headphones are full and ready for use. Once you see all the lights lit up, your device is ready to give you another 40 minutes of music streaming.

How do I remove the battery from my beats solo3 wireless?

Using a prying tool, remove the casing that covers the right side of your Beats Solo3 Wireless. Note that you should be extra gentle when unclipping the earcup housing, as they will be put back later on. Reach over and remove the linkage connecting the battery to the headphones.

Will beats solo3 work without a battery?

The Beats Solo3 will work even without a battery because it sourced its power from the device it is connected to. Consider your headphones as a smaller, more portable speaker. In fact, it is built like one, powered by an amplifier that can process the conversion process.

How long does a Beats Solo 3 battery last?

Thanks to a battery life of 40 hours, Beats Solo 3 Wireless is your perfect everyday reliable headphone. With Fast Fuel, a 5-minute charge gives you 3 hours of playback. Have a great sound and voice experience with on-ear controls and beam-forming mics for some quality wireless listening freedom.
