

China energy storage power conference

When is China International Energy Storage Expo & conference 2025?

China International Energy Storage Expo and Conference (CIES 2025) will take place from March 23-26, 2025, at the Hangzhou International Expo Center in Hangzhou, China.

What is China International Energy Storage Conference?

The China International Energy Storage Conference is a platform focusing on industrial energy storage manufacturing. Here we showcased new technologies and were very happy to see many customers coming to our booth to communicate. In the future, we will participate in the exhibition with better solutions.

What is the energy storage global conference?

The Energy Storage Global Conference offers the opportunity to industry, researchers, and policymakers to exchange views and debate key issues faced by the energy storage sector. The 3-day conference will also explore the extent to which energy storage can help avoid dependency on fossil fuels in order to balance the electricity system.

What are energy conferences in China 2025 2026 2027?

Energy Conferences in China 2025 2026 2027 is for the researchers, scientists, scholars, engineers, academic, scientific and university practitioners to present research activities that might want to attend events, meetings, seminars, congresses, workshops, summit, and symposiums.

What is the energy storage exhibition & docking platform?

It is one of the most influential industry exchange and docking platforms in the global energy storage field, and is known as a high-standard exhibition with high gold content and strong guidance in the energy storage industry. It is a weathervane for the development of China's energy storage industry.

Will 2025 China energy storage industry pioneer award winners be included in this book?

2025 China Energy Storage Industry Pioneer Award winners have the opportunity to be included in this book. Please contact us for details.
