

Cimc energy storage business segment

Is CIMC a good company to invest in energy storage?

CIMC is very optimistic about the development prospects of the energy storage industry. CIMC is a group enterprise with a modern management model. After years of market-oriented operations, it has a mature overseas market layout. At the same time, Powin's global vision is also highly compatible with CIMC's development strategy.

Does CIMC support Powin's energy storage business?

Geoffrey Brown, CEO of Powin, expressed his gratitude to CIMC for its strong support and assistance during the development stage of Powin's energy storage business. He said that Powin's business is growing rapidly at present, and it has many large-scale energy storage projects around the world.

What does CIMC do?

Under the background of global "carbon neutrality", CIMC continues to carry out technology research and product innovation in the field of energy storage integrated equipment.

How many enterprises does CIMC have?

As of the end of 2022, CIMC had nine national enterprises that are classified as "little giants" and six national manufacturing single champion enterprises (products). CIMC was granted the 23rd China Patent Award for its four patents, namely CIMC Cold Cloud, CIMC Raffles, CIMC Enric and Nantong CIMC Energy.

Are CIMC base and Powin cooperating?

Qingdao CIMC Base and Powin have been cooperating since 2020, and both sides have established a good business relationship. In the future, CIMC and Powin hope to deepen their cooperation with their respective advantages and develop a win-win outcome in the field of energy storage business.
