

Classy caps solar light batteries

What is the best battery for classy caps solar post cap lights?

Their AA Ni-MH 1000mAh is the perfect battery replacement for your Classy Caps solar post cap lights. Both the AA and the AAA Ni-MH 600mAh batteries will last longer than any Ni-MH rechargeable battery you have ever purchased. We have a great variety of 1.2V Ni-CD and Ni-MH solar batteries.

What types of solar post caps are available?

Classy Caps (TM) offers an extensive range of solar post caps - featuring styles and sizes that will fit over almost any PVC, wood, steel or aluminum post. Solar lighting saves on energy costs. No need for wiring or timers. Lights turn on automatically at night

What is the brightest solar post cap?

Thank you! Classy Caps' brightest solar post cap yet. Inspired by the timeless charm of British architecture, this premium fixture combines style and durability with its unique finial design, heavy-duty cast aluminum construction, real granite glass, and sleek black powder-coated finish.

Do solar lights come with batteries?

We also carry the 3.2V solar light batteries for Gama Sonic lamp posts and Atlantic Solar post cap lights. All solar lights that light up at night do include batteries that store the energy from the sun during the day.

Can you replace a battery with a solar light?

The voltage must be exact when you replace your batteries for solar lights. If the existing battery is a 1.2V, you must replace it with a 1.2V battery. If the existing battery is a 3.2V, you must replace it with a 3.2V battery. Voltage is not interchangeable, since the circuitry is different.
