

Commercial and industrial energy storage epc contract template

What is an EPC contract?

This EPC contract contemplates that a single contractor will be responsible for the entire project -- from design through construction and testing.

What rights does the EPC contractor have?

The EPC Contractor has the right to enter into and perform this Agreement, and the execution, delivery and performance of this Agreement and all other documents executed in connection therewith have been duly authorized and constitute valid and binding obligations of the EPC Contractor, each enforceable in accordance with its respective terms.

What information should be included in an EPC contract?

General Notes: EPC Contractor as well as Client construction notes. Construction Details: Detail sheets will be separated into categories such as site, electrical, grounding, racking and miscellaneous. Details to be provided will include panels and inverter specifications, grounding plans and details, and site related information such as fencing.

What is the scope of work for EPC contractor?

This Scope of Work sets forth the work provided by EPC Contractor, and provides additional clarification regarding certain items of work being provided by Client below. Unless specifically identified as work by Client, EPC Contractor shall provide all engineering, procurement and construction to construct a complete and functional Project. 1.

What is an EPC Contractor's Equipment schedule?

EPC Contractor shall: 7.1 Submit an Equipment Schedule that identifies when all EPC Contractor procured materials and equipment shall be ordered and onsite. This schedule shall include modules, inverters, and racking.

Who coordinates the services provided by the EPC contractor?

Upon written request of the Client, the EPC Contractor shall coordinate the services and necessary demarcations between services of any consultants, contractors, subcontractors or suppliers retained by the Client in connection with the Project with those services provided by the EPC Contractor and or its Subcontractors and consultants.
