

Custom solar battery terminal

Can I custom design a battery cable?

We offer many sizes and configurations of battery cables which you can custom design here on the site. The battery cables are organized by wire gauge size below. If you don't see a cable style you need please email or call us and we'd be glad to help design the cable for you.

Can a battery terminal connector be crimped or soldered?

These cable connectors can be crimped or soldered. Battery terminal connector clamps are tinned copper to fit AWG flexible gauge battery cable, welding cable, and other flex stranded wires. In stock, fast shipping, low prices!

What are the different types of battery terminal connectors?

Available in straight top post, elbow terminal and flag terminal configurations. These cable connectors can be crimped or soldered. Battery terminal connector clamps are tinned copper to fit AWG flexible gauge battery cable, welding cable, and other flex stranded wires.

What is a tinned battery terminal?

Battery terminals are heavy duty copper battery cable connectors with tin plating to resist corrosion. Each tinned copper battery terminal is color coded with the crimp die and crimp position (s). The tinned copper will not turn black or green like non-plated battery clamps and can be crimped or soldered.

Can I order a flag terminal for a dual battery?

Flag terminals (for dual batteries) is not available for online ordering yet. To see pictures of the different types, visit my battery cable ends page. When ordering, please specify whether you need a positive or negative cable (there is a difference in the cable ends), the length from battery post center to ring hole center.

Are custom battery cables worth the money?

Thank you for considering Custom Battery Cables, LLC. ~ Vince Founder and Owner, Customer Battery Cables Wonderful thick cables you can tell the difference the moment you crank the engine over. Very well made and will last longer than my jeep at this point. Well worth the money for a professional product. A model of a customer-focused organization!
