

Editor in chief of energy storage science and technology

What is energy storage Science & Technology (ESST)?

ESST is focusing on both fundamental and applied aspects of energy storage science and technology. Submissions can be in English or Chinese. It is included in Chinese Sci-tech Core Journal, main indexed by CSCD (China), Ulrichsweb (America), INSPEC (England), CA (America), and others database etc. More...

What is editorial board energy storage?

Email: rsolmaz@bingol.edu.tr Editorial Board Energy Storage is a new journal for innovative energy storage research, covering ranging storage methods and their integration with conventional & renewable systems.

How does energy storage technology affect the environment?

The results demonstrate that the system's annual energy matching index increased by up to 48.20%, its flexibility index decreased by up to 37.77%, and the environmental benefit index decreased by up to 6.59% after the introduction of energy storage technology.

Why is new-type energy storage important?

New-type energy storage approaches, as a crucial component and key pillar in the construction of China's new energy system, play a vital role in ensuring the secure and stable operation of the modern power system and driving the transition to green and low-carbon technologies.

Christos N. Markides PhD Head of the Clean Energy Processes (CEP) Laboratory, Professor of Clean Energy Technologies, Department of Chemical Engineering, Imperial College London, ...

View the Editorial Advisory Board in the Current Issue Senior Editors Karena W. Chapman Stony Brook University United States E-mail: chapman ...

He serves as a director of the Jiangsu Chemical and Chemical Engineering Society, a member of the Energy Storage Committee of Jiangsu Energy Research Association, ...

Editor-in-Chief, Energy Storage Materials (Elsevier) Member, Chinese Academy of Science Professor, Tsinghua-Berkeley Shenzhen Institute, Tsinghua University, Beijing, China Prof. Hui ...

Prof. Mauro Cappelli Italian National Agency for New Technologies, Energy and Sustainable Economic Development, Frascati Research Center, ITALY; Department of Information ...

Associate Editors Prof. Dr. Mingjia Li, PhD Beijing Institute of Technology, Beijing, China Energy storage, new energy technology, High-efficiency energy utilization technology, CCUS Dr. ...

Editor in chief of energy storage science and technology

University of Technology Sydney, Broadway, Australia Energy generation, Conversion and storage, Manufacturing processes and technologies, Composite and hybrid materials ...

The Journal of Energy Storage focusses on all aspects of energy storage, in particular systems integration, electric grid integration, modelling and analysis, novel energy storage technologies, ...

Clean Energy Science and Technology Publishing Service Clean Energy Science and Technology (CEST, eISSN: 2972-4910) is an international open access peer-reviewed journal. Professor ...

How did you become involved with Energies? I was at first invited to act as a Guest Editor of an Energies Special Issue on "Energy Efficiency, Savings, and Storage in ...

Siaw-Kiang Chou, Dr-Ing. National University of Singapore, Department of Mechanical Engineering, Singapore, Singapore Energy performance of buildings and thermal performance ...

Encyclopedia of Energy Storage, Four Volume Set provides a point-of-entry, foundational-level resource for all scientists and practitioners interested in this exciting field. All energy storage ...

Solar is led by its Editor-in-Chief, Prof. Dr. Jürgen Heinz Werner (University of Stuttgart, Germany); Energy Storage and Applications (ESA, ISSN: 3042-4011) is an ...

: This paper discusses the influence and operations of chief editor or deputy chief editor responsibility system in editorial board which can improve the academic level of the sci-tech ...

Editor: Editor-in-Chief, Energy Storage Materials (impact factor: 19) Editor, Journal of Power Sources (impact factor: 9.127) Guest editor for Advanced Energy Materials on Special issue of ...

About JES JES is the flagship journal of The Electrochemical Society. Published continuously from 1902 to the present, JES remains one of the most highly ...

Gleb Yushin is a Professor at the School of Materials and Engineering at Georgia Institute of Technology, a co-Founder of Sila Nanotechnologies, Inc. (an ...

He is devoted to not only understanding their fundamental energy storage mechanism but also promoting practical application for large-scale electrical ...

View the Editorial Board for the Environmental Science & Technology and get contact information for associated members.

Examples of topics include but not limited to energy storage materials, energy storage processes, new

thermodynamic cycles, system integration and optimization, theoretical analyses and ...

Science Advances editors oversee the review process of submitted manuscripts and are selected from an international pool of researchers with high levels of achievement and recognition in ...

Show more Editor-in-Chief Manish Chhowalla, MRS Fellow and Fellow of the Royal Academy of Engineering, is the Goldsmiths" Professor of Materials Science at the University of Cambridge ...

Lastly, in their latest paper published in the journal Energy Storage, IIASA researcher Julian Hunt and colleagues explored one of the lesser-known but promising sustainable energy storage ...

Shuguang Deng, PhD Arizona State University School for Engineering of Matter Transport and Energy, Tempe, Arizona, United States of America Adsorption processes and adsorbent ...

Then he worked as a postdoctoral researcher at the University of Waterloo in Canada. His research focuses on the development of nanomaterials and their ...

Dear Readers, Welcome to Energy Storage and Conversion, a journal dedicated to the forefront of research and innovation in energy storage and conversion. As the Editor-in ...

Energy Storage Science and Technology (ESST) was founded in 2012, and hosted by Chemical Industry Press and the Chemical Industry and Engineering Society of China (2016),The editor ...

Home / Editorial Team Editorial Team Editor-in-Chief Prof. Xiaohu Yang Xi'an Jiaotong University, China
Interests: thermal energy storage; phase change materials; solar energy conversion and ...
