

Free solar battery for seniors

Can low-income homeowners get free solar & battery backup systems?

California is making it easier than ever for low-income homeowners to go solar with free solar and battery backup systems through the Self-Generation Incentive Program (SGIP). Starting May 20th, 2025, Store Energy California is ready to help you tap into the \$280 million in new funding for the Residential Solar and Storage Equity (RSSE) program.

Can I get free solar & battery backup?

Don't miss your chance to receive free solar and battery backup to protect your home. The demand for SGIP funding is high, and the funds are expected to be depleted within a few months after the program opens on May 20th, 2025. If you qualify for the program, Store Energy California is here to guide you through the application process.

Does California offer free solar & battery backup?

Home » Free Solar and Battery Backup: SGIP Funds Are Now Available California is making it easier than ever for low-income homeowners to go solar with free solar and battery backup systems through the Self-Generation Incentive Program (SGIP).

Can a tenant get a solar & battery system for free?

If a tenant meets the income requirement, the property owner gets the solar + battery system installed for free. No credit checks, no out-of-pocket costs, no catch. It's one of the most accessible clean energy programs California has ever offered. How do I qualify? Qualification is primarily based on household income.

Do low-income solar programs offer free solar panels?

Low-income solar programs don't typically provide completely free solar panels. However, they can greatly reduce installation costs by offering rebates or grants to cover the majority of rooftop solar installation costs for qualified applicants. There may still be some costs or payments required.

How much does a solar rebate cost?

\$3,100 per kilowatt (kW) rebate for solar installation. \$1,100 per kilowatt-hour (kWh) rebate for battery storage. No upfront payment, with Store Energy California, you're able to benefit from our ability to front the entirety of the rebate amount for you, resulting in no loan, no credit check, and \$0 out of pocket for eligible homes.

See if your home qualifies for free solar + battery backup through California's SGIP program. Just answer a few quick questions -- no obligation, no credit check.

Currently, there are no federal or state government programs that provide free solar panels to low-income solar customers, but there are programs in place to greatly reduce the upfront cost.
