

Italy and Spain are set to soar as energy storage markets with multiple gigawatt-hours under construction and much more in the pipeline, but there are questions around the ...

23 · Residential and C& I energy storage provider Turbo Energy has secured a major order from an unnamed industrial group in the construction industry in Spain. The Nasdaq ...

The energy minister of Italy has signed a decree paving the way for an energy storage capacity auction to kick off in the first half of 2025.

The Italian energy market is marking another milestone with the addition of two battery energy storage system (BESS) projects in Sicily. With a combined capacity of 162 MW, ...

The projects have secured preliminary grid connection approvals from Terna SpA, Italy's transmission system operator, and the Company believes it is on track to attain RTB status ...

Italian electricity TSO Terna has received more than 100 GW of requests to participate in the energy storage auction it is planning before ...

See all Energy-Storage.news coverage of the market in Italy here. Energy-Storage.news"" publisher Solar Media will host the 9th annual Energy Storage Summit EU in London, 21-22 ...

1 · Edinburgh-headquartered Fidra Energy has secured £1bn in funding for the 1.4 GW Thorpe Marsh BESS, the UK's largest battery storage project.

2 · A render of one of the two BESS projects. Image: Axpo. Utility and power firms Axpo and energieUri will together deploy two BESS projects in Switzerland with technology provided ...

Due to the imminent delivery of the large-scale storage project in the capacity auction and the launch of the MACSE auction mechanism, Italy's ...

Italy accelerates the transition to renewable energy Italy is stepping into a new energy era with the MACSE auction in early 2025. ...

Italian electricity TSO Terna has received more than 100 GW of requests to participate in the energy storage auction it is planning before summer 2025. The first phase of ...

As of Sep. 30, 2024, Italy had a cumulative 692,386 energy storage systems, with a total rated power of 5,034

MW and an energy storage ...

Engie has signed "energy storage as a service" contract with Energy Dome for a long-duration energy storage project in Sardinia, Italy.

A fuel depot has exploded in the central Italian region of Tuscany, killing at least two people and injuring nine. The blast reportedly ...

The grid-scale energy storage market in Italy holds promise with very ambitious deployment targets for 2030 - but are they too ambitious?

Jinko ESS has announced that it has secured 5MWh grid-scale energy storage projects in Italy, marking its official entry into the country's utility-scale storage market. The ...

The European Commission endorses Italy's EUR17.7 billion initiative for a centralized electricity storage system, supporting renewable ...

2 · A render of one of the two BESS projects. Image: Axpo. Utility and power firms Axpo and energieUri will together deploy two BESS projects in ...

Italy has taken a major step forward in its energy transition efforts, giving the green light to 361 MW of new battery energy storage systems (BESS) spread across three ...

Energy storage is set to soar in Spain and Italy in the coming years but there are question marks around the regulatory frameworks in each.

Italian grid operator Terna, in its monthly electricity demand update for November 2024, revealed the country added 1.74 GW of energy ...

Italy's TSO Terna says it needs 9GW/71GWh of energy storage by integrate its renewables pipeline. Image: Terna. The European ...

With the launch of their commercial demonstration facility in Sardinia, Italy, Energy Dome's energy storage technology is ready for market ...

Siestorage - underpinning back-up supply and grid regulation on Italian island of Ventotene Siemens has installed a battery storage system on behalf of Italian energy utility ...

An unlikely leader emerges in Europe's race to install grid-scale battery storage Other European nations may look to emulate Italy's support programme for battery energy ...

Italian energy storage breaking news

Pan-European renewable energy developer and investor Galileo has offloaded a 98-MW battery storage project in Southern Italy to an ...

French renewable power producer Neoen is launching its first energy storage project in Italy, which will be implemented together with its long-standing partner NHOA Energy.

The power plant is owned by Enel Green Power, a subsidiary of Italian energy giant Enel. The company expressed its deepest condolences ...

The Buzz Around Italy's Suspended Energy Storage Initiative So, you've probably heard the news: a major Italian energy storage project suspended its operations last month. ...

Italian renewable energy developer GreenGo has received authorisation for two new battery energy storage system (BESS) projects, adding 80 MW of planned capacity in ...

2 · Swiss energy trading group Axpo and local integrated energy solutions provider energieUri AG held a ground-breaking ceremony for two battery energy storage system ...

According to data released last week by Italian solar energy association Italia Solare, Italy's independent energy storage installations surged in the first half of 2024, with a ...
