

# Motorcycle solar battery charger

Can you use a solar battery charger on a motorcycle?

Oxford Products make a solar-powered battery charger called the Solariser and they even sell a motorcycle cover that has a built in solar-panel pocket. Or you could go for this solar panel and charger combo which is designed to be fully weatherproof, specifically for bikes that are left outside.

Does a 12V battery charger work on a motorcycle?

Our solar powered 12V motorcycle battery charger kits will trickle charge the average bike battery so you don't need to worry about it going flat again. To make things simpler, the chargers in these kits come with 2-pin SAE type connectors to fit to the existing battery connections on many motorbikes. Flat motorbike battery?

Why do you need solar panel charging kits for motorbikes?

Motorbike batteries are generally quite small in size and capacity. They can run out of juice very quickly if they are not ridden and charged regularly (especially if you are a fair weather, weekends only biker).

Why should you buy a motorcycle battery charger?

There are loads of reasons that this is a top-notch charger. Firstly, it has an individual bike and car mode, so you won't be overcharging a bike battery or taking forever to charge a car battery. It has a max output of 5 amps - a regular motorcycle battery charger is usually 0.8 amps.

How many amps does a motorcycle battery charger use?

Firstly, it has an individual bike and car mode, so you won't be overcharging a bike battery or taking forever to charge a car battery. It has a max output of 5 amps - a regular motorcycle battery charger is usually 0.8 amps. It covers gel and lead-acid batteries and has a dedicated AGM mode.

Can a motorcycle battery be charged with a trickle charger?

To make things simpler, the chargers in these kits come with 2-pin SAE type connectors to fit to the existing battery connections on many motorbikes. Flat motorbike battery? A motorcycle battery can run out of juice if not used regularly. Use a solar powered trickle charger to top it up.
