

Polansa electric heating storage furnace cost

How much does a natural gas furnace cost?

Natural gas furnaces cost between \$3,800 and \$10,000 on average but can cost as little as \$700 and as much as \$12,000, depending on the size of your home. These furnaces cost more than electric furnaces, but you'll save on electricity compared to an electric furnace.

How long does an electric furnace last?

An electric furnace lasts 20 to 30 years--5 years longer than gas systems. Electric furnaces cost less to replace than gas furnaces, but cost 2 to 4 times as much to run. All electric forced-air furnaces for a house are high-efficiency with an AFUE rating of 100. Compare new furnace costs for all fuel types, including gas, oil, and propane.

How much electricity does a furnace use?

According to the U.S. Bureau of Labor Statistics, the average cost of electricity is \$0.171 per kilowatt-hour (kWh) as of September 2023. Electric furnaces use anywhere from 10 to 50 kilowatt-hours of electricity.

How much does an electric furnace cost in 2025?

Get a customized solution for your home with upfront pricing. The cost of buying and installing an electric furnace in 2025 typically ranges from \$2,500 to \$7,500, depending on factors such as the furnace's size, brand, and features.

How much does an electric furnace cost?

Mobile home electric furnaces cost \$450 to \$1,500 without installation. A 70,000-BTU electric furnace for a 2,000-square-foot home costs \$2,300 to \$5,300 installed. Most residential electric furnace sizes are 20,000 to 120,000 BTUs. Manual J load calculations help installers select the right furnace size for your home.

How much does a mobile home electric furnace cost?

Heat pump installation costs \$3,800 to \$8,200. Mobile home electric furnace replacement costs \$950 to \$3,000 for 35,000- to 70,000-BTU models. New mobile home electric furnace prices are \$450 to \$1,500 for the unit only. Mobile home furnaces typically have downflow vents since most mobile homes have ductwork under the floors.

The cost of an electric furnace in 2025 typically ranges from \$2,500 to \$7,500, depending on factors such as the furnace's size, brand, and features.
