(Reuters) -One of the world's largest battery storage facilities -- Vistra Corp's 3000-megawatt in Moss Landing, south of San Francisco -- continues to be on fire as of ...

Texas has become one of the nation's frontrunners in developing renewable energy. In recent years, the state's reign came from wind power coupled with utility-scale solar.

Courtesy of Fengate and Alpha Omega Power San Luis Obispo County's first battery energy storage facility will soon be up and running in ...

As the fire lithium battery storage facility that led to evacuations in Moss Landing last week continues to smolder days later, concerns are being raised about the impacts to the ...

About SJCE and this Integrated Resource Plan (IRP) San Jos's Clean Energy (SJCE) is San Jos's new electricity supplier, having launched service in February 2019. Operated by the City ...

The LECEF, a 320-megawatt (MW) combined-cycle, natural gas facility with heat recovery steam generator, was certified in 2002 and recertified by the CEC in March 2005 and began ...

(KRON) -- Research scientists with San Jose State University's Moss Landing Marine Laboratories (MLML) detected "unusually high ...

A robust home energy storage and management system integrating various power sources to provide 24/7 whole-home power backup and intelligently optimizing energy use to eliminate ...

At Your Energy Solutions, we recognize the unique energy challenges San Jose residents face. From high utility rates to changing net metering policies, our team offers custom-tailored ...

Located in San Jose, California, the 50,000-square-foot manufacturing facility will be equipped to produce Antora's modular thermal batteries, creating and supporting ...

(KRON) -- Research scientists with San Jose State University's Moss Landing Marine Laboratories (MLML) detected "unusually high concentrations of heavy-metal ...

San Luis Obispo County's first battery energy storage facility is up and running in Nipomo -- and community members can attend an open ...

The Moss Landing Power Plant on Feb. 12, 2025. Light smoke was reported again at the Moss Landing energy storage facility Tuesday night, ...

A large fire erupted on Thursday at the Moss Landing battery plant, south of San Jose, Calif., closing Highway
