

Solar battery government grant

What is the \$7 billion solar for all program?

Under the \$7 billion Solar for All program, the 60 grant recipients will create new or expand existing low-income solar programs, which will enable over 900,000 households in low-income and disadvantaged communities to benefit from distributed solar energy.

What is a solar rebate or subsidy?

A rebate or subsidy will cover part or all of the upfront cost of buying solar or a battery. Rebate schemes operated by states, territories and local governments sometimes only apply to particular groups of people or types of housing, such as social housing, rental properties or apartments. Eligibility criteria may relate to:
