

Solar battery rebate victoria

What is the Victorian solar battery rebate?

The VIC solar battery rebate has played a big role in helping households add battery storage to their solar systems. Originally, the Victorian Government offered both rebates and interest-free loans under its \$1.3 billion Solar Homes Program.

Does Victoria offer a home battery rebate?

Victoria's primary support for home battery installations is delivered through the Solar Homes Program run by Solar Victoria. While the state's solar battery rebate (a direct cash rebate) has ended, it has been replaced with a generous interest-free loan to reduce your upfront costs.

Are there any solar battery rebates in 2025?

As of 2025, there are currently no active solar battery rebates. However, Solar Victoria continues to support homeowners through an interest-free loan program for eligible battery storage systems. This loan can be repaid over four years, helping you manage upfront costs while enjoying the benefits of clean, stored solar energy.

How much does a solar battery rebate cost in Australia?

From 1 July, households that choose an eligible hot water system made in Australia will receive a higher rebate of \$1,400. The \$1,000 rebate is still available for customers that choose to install other hot water systems. Through solar battery rebates and loans, more than 20,000 solar battery systems have been installed across Victoria.

Who is eligible for a Victoria solar rebate?

Victoria solar rebate eligibility for homeowners: Property Ownership You are the owner-occupier of an existing home, or you own a home currently under construction, and the battery system will be installed there. Income Limit The combined taxable income of all property owners is less than \$210,000 per year. Property Value
