

# Solid state battery conference

What is the solid-state battery summit?

This event has passed. The Solid-State Battery Summit is an esteemed annual event dedicated to advancing solid-state battery technology, covering topics like material and production cost reduction, pack design methods, manufacturing scalability, safety considerations, and market applications.

What is a solid-state battery event?

The event brings together OEMs and industry manufacturers to collaborate and reduce material and manufacturing costs, making solid-state batteries mainstream. Attendees will explore innovative methods and technical know-how to overcome challenges in developing next-generation batteries for electric vehicles.

What is solid-state battery Tech 2024?

view more... Welcome to the SOLID-STATE BATTERY TECH 2024 Exhibition and Conference, where EV Solid-State Battery experts will meet with top-level automotive industry leaders to explore cutting-edge technologies and advance manufacturing practices shaping the future of Solid-State Batteries. Join us as we unlock new horizons in battery technology.

Are solid-state batteries the future of battery technology?

FINAL DAYS TO REGISTER Solid-state batteries are well positioned to be the breakthrough that will help to propel advanced battery technologies to the next level of global adoption.

When should I register for the solid-state battery summit?

For maximum savings, register by August 1. Bring your Team to Chicago and SAVE 20% with a Group registration. The Solid-State Battery Summit is co-located with this exciting event. Solid-State Battery Summit is a premier event exploring advancements in battery ecosystem. Connecting key experts from battery chemistry to engineering.

When is the International Bunsen discussion meeting on solid-state batteries VI?

We cordially invite you join us for the International Bunsen Discussion Meeting on Solid-State Batteries VI - From Fundamentals to Application! This in-person event will take place on November 13 - 15, 2024 in Frankfurt, Germany and follows the very successful series of conferences held at Frankfurt airport (HOLM) since 2014.

Welcome to the SOLID-STATE BATTERY TECH 2024 Exhibition and Conference, where EV Solid-State Battery experts will meet with top-level automotive industry leaders to explore cutting-edge technologies and advance ...

This two-day event facilitates global collaboration and decision-making to secure North America's battery materials future.
