

What are the top solid-state battery stocks right now?

Some of the top solid-state battery stocks right now are: QuantumScape, which makes batteries for EVs, has been working on solid-state batteries and is moving closer to production. The company is backed by Volkswagen, a major automaker focused on producing electric cars. Other companies are also pressing on with solid-state battery programs.

Should you invest in solid-state battery stocks?

Investing in stocks, including solid-state battery stocks, always carries market risk due to their volatile nature. Currently, all pure-play solid-state battery stocks are pre-revenue companies with actual production still a few years away.

Which stockbrokers allow you to buy solid-state battery stocks?

If you have an account with any of the stockbrokers like Robinhood, Fidelity, Webull, or Schwab, you can buy solid-state battery stocks like QuantumScape and Solid Power. Many solid-state batteries are publicly traded companies.

Will EV solid-state battery market grow in 2035?

A report by Allied Market Research predicts a bright future for the electric vehicle (EV) solid-state battery market, forecasting the market to reach an estimated \$1.9 billion by 2035, up from \$0.37 billion in 2025. That's about 18% compound annual growth rate over the next decade - potentially super-charging returns for savvy investors.

Are solid-state batteries the future of energy?

In the great race to define the next century of energy, solid-state batteries stand at the crossroads of hype and high stakes. In theory, they should be the future of electric vehicles, consumer gadgets, and renewable grids. No liquid electrolytes to leak, no dendrites to ruin the show, and performance metrics that make lithium-ion look antiquated.

How can I invest in a solid-state battery company?

To invest in a solid-state battery company, you will need to access the private capital market to buy stocks. Keep in mind that the SEC restricts access to the private market to accredited investors with a net worth of at least \$1 million and a certain level of trading experience.
