Contact us today to enhance your solar power system with the Alpha ESS G3 battery. "Sunshine Solar installed our 10-panel system last year.

Why should you choose Sunshine solar?

Why Sunshine Solar? With over 20 years of experience and 7,000+ installations, Sunshine Solar offers expert solutions with the Alpha ESS G3 battery, ensuring reliable and sustainable energy storage. Interested? Contact us today to enhance your solar power system with the Alpha ESS G3 battery.

How much does Sunshine solar cost?

"Sunshine Solar installed our 10-panel system last year. Our December bill dropped from \$130 in 2021 to just \$42 in 2022! We're saving even in winter, and it's great powering our home and charging our car. James provided clear details and the installation was seamless. Excellent follow-up service too.

Why should you choose a single brand solar inverter & battery?

Scalable: Easy capacity expansion. Same Inverter & Battery Brand: Simplify your solar system experience by choosing a single manufacturer, eliminating the complications of dealing with multiple brands. 5-year product warranty, extendable to 10 years with 80% SOC at 10,000 cycles.

At the heart of this revolution is Sunshine Solar, a Christchurch-based company with over 20 years of experience and more than 7,000 installations across New Zealand.

The company is well known as a world leading manufacturer of cost-effective, high efficiency and good quality photovoltaic panel, inverter, battery, controller, solar system and solar pump system.

Please find below details of our range of power inverters, sealed and lead acid leisure batteries we currently hold in stock. Battery power is measured in amp hours.
